Art Unit: 2644

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(e) the invention was described in-

(1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effect under this subsection of a national application published under section 122(b) only if the international application designating the United States was published under Article 21(2)(a) of such treaty in the English language; or

(2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that a patent shall not be deemed filed in the United States for the purposes of this subsection based on the filing of an international application filed under the treaty defined in section 351(a).

2. Claims 1 to 5 are rejected under 35 U.S.C. 102(e) as being anticipated by Kunimoto.

Kunimoto discloses cabinet for an electronic device equipped with a loudspeaker for audio reproduction (fig 1) characterized in that the cabinet comprises a main cabinet for housing electrical and mechanical components of the electronic device (2) and further comprises a cabinet (3 and 4) for the loudspeaker being separate from main cabinet and connected to the outside of the main cabinet in a nondetachable manner; a vibration damping means is arranged between the main cabinet and the loudspeaker cabinet (9); characterized in that inside the loudspeaker cabinet electronic circuitry is arranged (inherent that electronic circuitry (wires) is arranged inside the speaker cabinet); the main cabinet is provided with urging means pressing the loudspeaker cabinet against the main cabinet (tip end of main cabinet (2) would be urging means since it is pressing the loudspeaker cabinet (3) against the main cabinet; see fig. 2).

Art Unit: 2644

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Jeon and Ritter discloses cabinet for an electronic device with a loudspeaker for audio reproduction.
